

## Neighbor Relations

- ☉ Introduce yourself to your neighbors and work to maintain good relations with them. Exchange contact information.
- ☉ Abide by the City's Noise Ordinance, which prohibits loud noises in residential areas between the hours of 9:00 pm and 7:00 am.
- ☉ Work with neighbors to host an annual gathering of the neighborhood.
- ☉ Give your neighbors a "heads up" if you plan to host a large social event. Remind your guests that they are in a residential area.
- ☉ Set reasonable limits on the total number of large events per year.
- ☉ You are responsible for your own behavior and for the behavior of those who visit your home.
- ☉ If you have a concern regarding a specific neighbor, talk to them before filing a complaint.

## Being a good neighbor

Davis prides itself on being a university town. Our vitality comes from the unique blend of students, families, and other individuals. We are a compact community, with over 64,000 residents living in nine square miles. Living in close proximity to one another requires patience, understanding, and most of all, communication. This is the heart of the Good Neighbor Initiative.

UC Davis, ASUCD, and the City of Davis encourage all neighbors to live up to the social responsibilities of our community. All residents are expected to function in a mature and responsible manner to maintain a positive quality of life for Davis' neighborhoods. All neighbors are asked to respect and be tolerant of each other's rights.

## Alcohol and Other Drugs

- ☉ Observe state and local laws governing alcohol and drug use.
- ☉ Do not allow the presence or use of illegal drugs at your residence.
- ☉ Remember that the City of Davis has an open container policy, which prohibits open containers of alcohol on most public property.

## Traffic Safety and Parking

- ☉ Drive carefully and defensively. Davis is a city of bicyclists and pedestrians.
- ☉ Do not block neighbors' driveways or the sidewalks.
- ☉ If your car is parked on the street, move your car at least once every five days.
- ☉ Make provisions for guest parking for social events.
- ☉ If you plan to go out, make sure to designate a driver first. ASUCD offers a safe rides program.

## Upkeep and Beautification

- ☉ Make sure you or your landlord maintains your property in accordance with all fire, health, zoning and building codes.
- ☉ Make sure you or your landlord maintains the lawn and landscaping.
- ☉ Know the trash/recycling days. Remove your trash and recycling cans from the street on other days.
- ☉ Clean up after you host a social event.
